About Us

İbrahim Halil Özgür, who later immigrated to Malatya and learned Turkish delight production and craftsmanship, came to Istanbul in 1974 with his brothers and started his first Turkish Delight production in a 50m² shop in Eminönü Küçükpazar district. In the first years, it offered its unique tastes to its customers in the historical districts of Istanbul and in touristic areas. Over time, it became worthy of the name of Turkey's numbered and respected Turkish delight master. In the 1980s, it expanded its production and moved its new factory of 2500 m² in Güneşli district. Over time, Turkish Delights have been recognized in Turkey and in many countries of the world. In the 2000s, by keeping up with Turkey's export moves, together with his son Yakup Özgür, he exported Turkish Delight to approximately 60 countries of the world and continues to do so. He has represented Turkey in many international fairs of the world and continues to do so. HACIZADE brand represents Turkey in many countries of the world and when Turkey is mentioned, HACIZADE brand comes to mind in New York, Toronto, Melbourne, Dubai and London.
